Customer Loyalty...Commitment...Time Management are always our key to success.

We are an Egyptian established Engineering Design Studio which provide Electro-Mechanical Services. Our story began in 2017 by the Eng. Amr Hafez who started among strong & dominant Consultants and Design Firms in the market. We are proud of our blooming success throughout our journey till now that started from a 90 cm home desk office until we have reached 100+ satisfied clients.

Collaborations with many Architectural Design Firms & Consultants was essential producing projects that were cleverly studied & executed easily throughout our journey.

We delivered projects in many different sectors such as: Military, Hotels, Hospitals, Commercial and Residential projects. We believe that delivering our services through: Value Engineering, Time management & premium quality will lead us to produce an extraordinary output for our clients.

## Our Mission

Provide the finest design solutions from vast real site experiences to all our design houses & consultants.

## Our Vision

To be one of the leading design firm in the MENA Region (mid-east & North Africa) in the field of Electromechanical Engineering Services within the upcoming years.

# Founder

## Engineer Amr Hafez

### EDUCATION:

Bachelor degree in engineering, Arab academy for science & technology in Alexandria 2011.

### EXPERIENCE:

More than 12 years' experience in the execution of projects in Egypt & Saudi Arabia. Joined reputable companies and mega projects. The journey included the execution of many landmarks such as Cairo international airport, Alexandria international airport, Marassi address hotel, mahmoudya axis projects, etc.

*Eng. Amr Hafez*
